The Goizueta Summer Institute is a for-credit, 3-week intensive academic course of study for non-business majors. The program is designed to provide students with an overview of the functional areas of business and the foundations of management as they apply to any profit or non-profit organization. The institute includes an interdisciplinary course with an applied practicum as well as a seminar focused on career preparation and professional development. The program carries six academic credit hours and leads to a certificate.

This three-week summer program will run May 13-June 3, 2015 and will provide an immersion into the corporate arena. Students will participate in morning classes focused on understanding the functional areas of business along with an understanding of foundations and terminology. Afternoon sessions will focus on skills development and group projects, along with coaching and personal development assignments.

Applications are due April 15, 2015. Because we are committed to maintaining a small class size, we cannot guarantee that we will be able to accommodate all applicants. However, we will continue to accept applications after the deadline on a space-available basis. All accepted applicants must also submit a $500 deposit by April 15, 2015 to secure their space in the program.
